A Unique ID number is gathered only to ensure thorough data collection and will not be included with survey results. The survey will report totals of responses. No information that could potentially be used to identify individuals will be reported.

The Idaho Infant Toddler Program uses the Family Survey to collect input on how the program is doing with delivering quality early intervention services to infants and toddlers and their families. It helps us find areas that we need to improve on, so we can continue to focus on making the program better for the families we serve.

**Instructions:** Your feedback is important to us! For each question below, please select how helpful early intervention has been to you and your family over the past year: Select a number between 1 – 5 (1 = Not at all helpful to 5 = Extremely helpful).

**NOTE:** If you are unsure of how to respond to a question, please contact your service coordinator for assistance.
