

Dear New Mommy,

MY little sister and I were birthed into this world by a midwife. She screened our hearing at just 1 day old.

Our midwife told mommy to follow up with Idaho Sound Beginnings for more testing. MY little sister and I both have hearing loss, but we got lots of help.

I am REALLY HAPPY we had our hearing screened. We are doing GREAT!

## IDAHO SOUND BEGINNINGS

EARLY HEARING DETECTION & INTERVENTIONS

EVERY YEAR IN IDAHO:

- AN ESTIMATED 70 BABIES ARE BORN WITH HEARING PROBLEMS.

- MOST CAN HEAR SOME SOUNDS, BUT CANNOT CLEARLY HEAR ALL SOUNDS.

BABIES CAN'T TELL US THEY CAN'T HEAR, BUT HEARING DIFFICULTIES CAN NOW BE FOUND IN THE FIRST MONTHS OF LIFE - IT MAKES A DIFFERENCE!
