December 29, 2015

Greetings Support Brokers!

I hope this holiday season finds you well. We have a couple updates regarding the Self-Direction program:

- The My Voice My Choice Workbook has been updated to include a Progress Summary Page. This page will need to be completed annually. Please see the example on the SD Website.
- For those Support Brokers who currently serve children only, but are interested in serving the Adult population as well; you will now be required to complete an adult case study. Please contact your Regional Trainer to obtain a copy of the Adult SSP case study. If you do not know who that person is, contact your Regional Care Manager and they will assist you!
- It has come to our attention that there are many names on the Support Broker listing that need to be updated. Please take a look at the version of the list on the website and let me know if there need to be changes. The Support Broker listing needs to include only those Support Brokers who are accepting new clients.

Thank you for all that you continue to do for this population! If you have any questions, please contact your Regional Care Manager. Happy New Year!
