

Access to Recovery ATR 4

Veteran Population

Revised January 2015

ATR 4 Overview

- SAMHSA grant to provide Substance Use Disorder (SUD) services to specific populations. Idaho is one of only six applicants to receive this grant
- Focus on a client-centered approach and client choice in treatment services and planning
- ATR 4 and all grant funded services will expire September 29, 2017

Priority Populations

- o Homeless individuals and families
- o Court-involved Child Welfare families with SUD
- o Veterans with SUD who are either on supervised probation or parole; or are involved in a problem solving court

Referral Sources

ATR - Homeless

- o Community-based organizations

ATR - Child Welfare

- o Substance Abuse Liaisons from FACS and Child Protection Drug Court Coordinators from ISC

ATR - Veterans

- o Veterans Treatment Court Coordinators, Felony Parole/Probation Officers, and Misdemeanor Probation Officers will refer clients into ATR 4 to BPA using the Funding Profile Form
- o Verification of Veterans status will not be required to access services

Services

Some of the services available in ATR 4:

Treatment Services

- o Intensive Outpatient
- o Outpatient

Recovery Support Services (RSS)

- o Case Management
- o Drug Testing
- o Transportation
- o Life Skills
- o Safe and Sober Housing

**ATR 4 will not cover residential*

Regulations

HIPAA and 42 CFR Part 2

- o Community-based organization must have a release of information to communicate with the Treatment or RSS provider

Reporting requirements—Center for Substance Abuse Treatment (CSAT)

- o Government Performance and Results Act (GPRA) required to be completed by Treatment providers at intake, 6 months, and discharge. In addition to meeting reporting requirements, it empowers the client to provide feedback of the program, let the Tx provider know how they are doing with their recovery, and see if additional services are necessary

Projections for Veterans

On average, ATR 4 clients are expected to receive services for 3-4 months

The average cost per client is projected at \$1,900

	Target Number Served	Budget
Year 1	360	\$769,015
Year 2	475	\$805,087
Year 3	400	\$786,776
Total	1,235	\$2,360,878

Veteran Population Process Flow

- Client comes to you for assistance. They appear to meet the general eligibility requirements for ATR 4
- Complete the Funding Profile and fax to BPA.
- If the client is eligible according to the financial and priority population requirements, the GAIN is conducted and client is evaluated for clinical eligibility. The GAIN takes about 3 hours
